

ImmPower™ -AHCC®

ULTRA Immune Support

Who should take ImmPower?

Anyone facing a serious health challenge, with complex immune concerns, and needs a potent immune response, should use our clinical strength ImmPower. Give your body what it needs to maintain “super immunity.”*

Maximize your immune protection!

A robust immune system is essential when tackling a tough health challenge. Our most popular, clinical strength immune protector, ImmPower-AHCC (Active Hexose Correlated Compound), is a hybridized mushroom extract that provides unsurpassed support for those who need a potent immune response.*

Scientifically proven and supported by more than 30 published research studies, ImmPower’s dosage is the same used in the clinical trials, and helps to:

- Supercharge your immune system*
- Maintain peak Natural Killer cell function*
- Strengthen immune defenses, especially during times of emotional/physical stress, seasonal changes or when your body is under attack.*

500 mg of pure AHCC per capsule

ImmPower... when your health is challenged, you are only as strong as your immune system.*

ImmPowerD3™

DAILY Immune Maintenance

Who should take ImmPowerD3?

ImmPowerD3 is for healthy people who want to stay healthy...for those who can't afford not to keep up with their family and work responsibilities. Defend your good health with a daily dose of immune support.

Activate your natural defenses!

Have you overlooked the single, most important factor for great health...your immune system? The marriage of two of the most well-researched immune enhancers, ImmPower-AHCC and Vitamin D3, can provide you with one powerful way to protect your good health. ImmPowerD3, taken everyday, can help give you the daily support you need to keep up with life's never-ending “to do” list.*

Published studies indicate Vitamin D3, “the Sunshine Vitamin,” plays a crucial role in activating immune defenses, while ImmPower-AHCC provides unsurpassed support for the immune system’s Natural Killer Cell function.*

Together in ImmPowerD3, they:

- Provide daily immune protection for you and your family*
- Support healthy Vitamin D levels*
- Are scientifically proven & work fast*

250 mg of pure AHCC &
750 IU of Vitamin D3 per capsule

ImmPowerD3... daily immune support for today's hectic lifestyle, when you can't afford to miss a beat!
